Caring and Excellence

關顧與卓越

# Background

**Mission:** Our school is committed to providing students with a high-quality education. We aim to give every student the opportunity to develop ethically, intellectually, physically, socially, and aesthetically, so they can become responsible, contributing citizens of their community and country.

**Motto:** In Search of Excellence

**Ethos:** Our school attaches great importance to students' self-discipline as well as good manners.

## 學校背景

**辦學宗旨：**學校致力為學生提供優質教育，讓學生在德、智、體、群、美各方面均衡發展，並成為對社會及國家有承擔精神的公民。

**校訓：**臻善敏行

**校風：**學校校風嚴謹，教導學生以淳樸、律己為本。

## An English-Rich Environment

- With two experienced native-speaking English teachers, our school offers students ample opportunities to communicate in authentic English and to experience Western culture.
- A wide range of English activities is organised regularly, including festive celebrations and English competitions.
- The English Café is an ideal place to learn English in a fun, interactive way.
- We also organise regular overseas study tours to English-speaking countries, allowing students to experience authentic English through cultural lessons and excursions.

## 強勢英語環境

- 聘用教學經驗豐富的外籍英語教師
- 定期舉辦多元化英語活動及課後英語活動小組
- 設立全英語活動場所English Café
- 組織海外遊學團

# Our Recent STEAM Achievements

- The Artemis system revolutionizes archery coaching by converting abstract posture advice into objective, measurable joint-angle data through real-time detection and delayed feedback. This significantly boosts coaching efficiency and enables archers to correct their technique independently.
- Students won the Bronze Award for the HK Secondary Student Space Station Popular Science Payload with their project on cockroach biology in microgravity. This research monitors the effects of microgravity on cockroach reproduction and exoskeleton composition, contributing to the development of durable biomaterials and exploring a sustainable protein source for long-term space missions.
- Students attended the Hainan Space Innovation Youth Exchange Tour, where they witnessed an awe-inspiring rocket launch and explored cutting-edge technology at the Wenchang Aerospace Supercomputing Center, fostering pride and passion for China's advances in space and technology.

## 本校在STEAM取得的成就

- 「Artemis」系統為射箭訓練帶來突破，通過即時偵測和延時回放，將抽象的射箭姿勢指導轉化為精確的關節角度數據，大大提高了教練的效率和運動員自我糾正的能力。
- 學生榮獲 HK Secondary Student Space Station Popular Science Payload 銅獎，通過對「微重力下蟑螂生物學」的研究，探索微重力對蟑螂繁殖、外骨骼和飛行適應性的影響，為開發新型生物材料及未來太空食物來源提供科學基礎。
- 學生參加了海南航天創科青年交流團，親身感受火箭發射的震撼，並深入了解文昌航太超算中心的尖端科技，激發他們對國家航天事業和創新科技的自豪感與熱忱。

## Orientation Activities

In August, our school organises a series of activities for pre-S1 students, such as an English day camp, an education camp, and learning-skills courses. These activities aim to help students adapt to secondary school life, master learning skills, and enhance their English proficiency.

## 迎新活動

每年8月，本校會為中一新生預備一系列的活動，例如英語日營、教育營及學習技巧訓練班，讓他們盡早適應中學課程，掌握中學的學習技巧及提升英語能力。
