意大利學習生活分享

One-year Exchange Programme in Italy

5A 李琪琪

- 這一年的交換生生活是一個奇妙的學習旅程；不但讓自己更獨立，更可體驗歐洲的生活文化。
- 在交流初期努力學習意大利文，好讓自己與寄住家庭及當地人有深入的溝通。
- 交流日子不忘溫習通識，令回港更能適應新課程（離港時是舊學制中四生，現在是新學制的中五生）。
- 意大利的生活步伐很優閒，當地人亦非常重視家庭生活；此令自己反思，生活應該是享受每分每秒，更珍愛家人朋友。

5A Lee Ki Ki spent a year as an exchange student in Italy last school year. Below are her thoughts:

- For me, this one-year exchange programme was an amazing learning experience --- I have learnt to become more independent and appreciate European culture.
- At the beginning of the exchange programme, I studied Italian hard in order to communicate better with my host family and Italian friends.
- To keep up with the new NSS syllabus the following year, I spent time studying Liberal Studies on my own in Italy.
- Italian people's relaxed pace of life and way of treating their families have given me food for thought about my own life --- to enjoy every second I have and cherish my family and friends.
